Experience

Full Stack Web Developer

MOORE STUDIO • BIshkek   11/2019 - Present

As a Software Developer at MOORE STUDIO, I worked on a small Agile team in a startup environment to prototype and build a CRM system. Participate in full lifecycle of development for company web application using Laravel and Django frameworks.

My daily responsibilities included:
· Brainstorming with team members to come up with and to create a better userexperience and to automate more tasks.
· Working with stakeholders to gather functional and technical requirements
· Launching VPS server to test our ideas
· Writing code to develop Laravel and Vue js applications
· Participating in MVP and product demos

· Develop UIs with Bootstrap, JavaScript, HTML, and CSS
· Utilizing automated and manual methods to test our code Education

Courses

Computer Science

International University of Kyrgyzstan • Bishkek   09/2018 - 07/2020

languages: English, Russian, Kyrgyz
